Subject: Placement Opportunities at Life Journey Education

Dear Project Manager,

My name is Elroy Nelson, and I am currently enrolled in the Interactive Media Design program at Durham College. As part of my graduation requirements, I am excited to undertake a five-week placement starting the week of April 14th. I have researched about your company and the work you do. I would be pleased to learn from and contribute to your team by applying the skills I have learned while studying interactive media design.

At this time, I am in the process of finalizing my portfolio and would be happy to share some of the projects I am currently working on with you. Of note, I am very pleased with the progress I have made in completing FAMILY OF EATERIES, a modern mobile application designed to enhance the fine dining experience. You can find a link to the project here: <https://elroynelson.com/#/restaurantapp/>

This project highlights my creativity, technical abilities and skill set. It is representative of the other projects I am currently developing for my portfolio. I would appreciate the opportunity to meet with you to discuss how my qualifications can improve by fulfilling a placement at Life Journey Education.

Thank you for considering my application. I and hope to hear from you soon.

Warm regards,

**Elroy Nelson**
